CompX
ERGONOMIX

Ovation Arm Phenolic Tray

Features

- New height indicator gauge
- Patented tilt dial indicator/adjustment
- Molded tray head constructed of durable engineered resin
- Ergonomic, low profile design
- Patented, spring-assisted Lift-N-Lock™ counter balancing system (no knobs or levers)
- Dual swivel option

Benefits

- Allows users to easily adjust the height for maximum comfort and greater ADA compliance
- Displays the angle of the tray while turning the knob
- Lighter weight, added stability, allows for higher height range
- Maximum comfort and leg room
- Precise adjustments are quick and easy
- Allows keyboard tray to be parallel to the desk when corner mounted

Ovation Arm

Designed to offer a greater range of motion and maximum user comfort and safety. Ovation's simple, visual gauges for both height and tilt make it effortless to fine tune keyboard position for a personalized fit.

Model: 8434D21

Height Range: 2.25" to -6.13"

Tilt: +10 to -15°

Travel: 16.8"

Track Length: 21.75"

Weight: 11.3 lbs

Phenolic Tray

The 19" Phenolic keyboard tray with mouse tray provides a solid, low-profile keyboard solution. Available with either swivel or tilt and swivel mouse tray.

Model: 6731D89

Width: 19"

Material: phenolic

Color: graphite gray

Mouse Tray: tilt & swivel

Palm Rest: included

Momentum Arm Harmony Tray

Features

- Low profile design
- Patented spring-assisted Lift-N-Lock™ counter balancing system
- Soft-touch knob for tilt adjustment
- Dual swivel option
- 360 degree swivel
- Positive tilt lockout option

Benefits

- Provides maximum leg room
- Easy to make precise height adjustments for maximum comfort
- Easy to make tilt adjustments for maximum comfort
- Allows keyboard tray to be parallel to the desk even when corner-mounted
- User can move the keyboard freely from side to side
- Promotes healthier negative tilt of keyboard; reduces the risk of repetitive stress injury

Momentum Arm

The Momentum arm is perfect for users who need a solid support and fast position-changing capability, or in workstations that accommodate multiple users.

Model: 8438D21

Height Range: 2.5" to -5.87"

Tilt: +15° to -15°

Travel: 16.8"

Track Length: 21.75"

Weight: 13.0 lbs

Harmony Tray

Harmony is a premium keyboard tray that features a sliding mouse deck that easily adjusts for left and right hand use, and accommodates wave-style keyboards. Harmony is the perfect complement to the Momentum arm.

Model: 6531D

Width: 23"

Material: ABS plastic

Color: black

Mouse Tray: sliding

Palm Rest: included

Encore Arm Clamp Tray

Features

- Low profile design
- Star wheel adjustment knob
- 360 degrees swivel
- Meets ANSI/BIFMA standards
- Stores on plastic glide track

Benefits

- Provides maximum leg room
- Provides simultaneous height and tilt adjustment
- User can move freely from side to side
- Quality assured manufacturing and testing
- Frees up space, stores when not in use

Encore Arm

This entry level arm provides most of the features available on our main family of arms but at an economy price point.

Model: 5500D17

Height Range: +.8" to -5.1"

Tilt: +16° to -17°

Travel: 11.9"

Track Length: 17.0"

Weight: 8.0 lbs

Economy Clamp Tray

The CompX Economy Clamp Tray is a spring-loaded mechanism to allow for quick and easy keyboard mounting. This fully integrated keyboard system includes a mouse support which has tilt and swivel capabilities.

Model: C625

Width Range: 21" to 29.5"

Length Range: 9.25" to 12.75"

Height: 3.0"

Material: steel

Mouse Tray: tilt & swivel

Palm Rest: included

CPU Holder

Available in standard or locking models, the 7300 series CPU holders have increased stability and clamping force, with the option to store on a plastic glide or ball bearing track.

Model: 7361D	Track Size: 17"
Height Range: 13.5" to 22.5"	Track Style: plastic glide
Width Range: 3.5" to 9.3"	Load Rating: 85 lbs
Depth Range: 14.75" to 22.3"	Weight: 14 lbs

CompX and Environmental Sustainability

We are firmly committed to excellence and leadership in environmental protection. Our keyboard arm offering is made from 100% recycled steel. Nearly all plastic components have the recycling logo embossed into the parts which depicts that component as being recyclable.

The cardboard linerboard used for packaging is manufactured from 94% recycled material and the material used on the corrugated cardboard is made up of 100% recycled material.

The paint used on the keyboard arms is black powder paint which is environmentally friendly and does not give off any Volatile Organic Compounds (VOC's), as with solvent based paints. The maximum amount of reclaimed powder is used for all painted parts.

CompX recognizes the potential environmental impacts of its operations. Consequently, we have implemented an Environmental Policy that guides pollution prevention activities and compliance with regulatory requirements. To view our environmental policy, please visit www.compsergonomx.com/g6.htm
